

Nation on Earth. The Constitution protects our democracy and our individual liberties that define the American way of life that we are all blessed to enjoy.

I have spent most of my life defending what the Constitution stands for, 29 years in the United States Air Force and now in the United States Congress. I consider this to be an honor and a privilege.

We can all do our part to defend America's freedom by understanding and remembering our Constitution's significance. That is why today, on national Constitution Day, I encourage all Americans to join me in reflecting on the history and the meaning of this important document. We must never take our freedom for granted.

#### ONE NEWARK PLAN

(Mr. PAYNE asked and was given permission to address the House for 1 minute.)

Mr. PAYNE. Mr. Speaker, I rise today because I am concerned about the Newark Public Schools' One Newark plan which picks winners and losers among schools and students.

Earlier this year, I sent a letter to the superintendent of Newark Public Schools, Cami Anderson. I am deeply troubled by its actions which ignore efforts to strengthen traditional public schools; further, I question whether the One Newark plan will truly help realize this vision for all students in the Newark public school system, especially children with disabilities.

Mr. Speaker, I sent this letter in February. More than 5 months later, I have yet to receive a single response. The people I represent are very upset over the lack of answers and the complete disregard for their concerns, and they have a right to be upset.

The opening of the schools in the Newark public school system this year was a debacle. There have been protests, and there will continue to be until the voices of the people are heard.

We are talking about the future of Newark, the future of our district, the future of our State, and the children that we love.

#### COMMEMORATING THE 50TH ANNIVERSARY OF THE LAND AND WATER CONSERVATION FUND

(Mr. GIBSON asked and was given permission to address the House for 1 minute.)

Mr. GIBSON. Mr. Speaker, I rise today to commemorate the 50th anniversary of the Land and Water Conservation Fund. This landmark legislation was initially passed in 1964, permanently paving the way for the protection and growth of our Nation's natural resources.

Mr. Speaker, New York's 19th Congressional District is home to some of the most amazing scenery in the Nation. Constituents in our district can walk and bike in the Hudson and Mohawk Valleys; they can hike through

the Catskill Mountains and paddle along the streams that feed into the Hudson River.

I'm proud to say my constituents know how important it is to preserve and protect our land. The Land and Water Conservation Fund has been a tremendous success for New York State.

It has been estimated that outdoor recreational activity supports over 300,000 jobs for New York and that over 4 million New Yorkers participate in hunting, fishing, and viewing wildlife each year.

Additionally, my district benefits from the Forest Legacy Program funded under the LWCF. This program helps States preserve and maintain their forest land.

Mr. Speaker, next year, we will have the opportunity to reauthorize LWCF. I would encourage all my colleagues in the House and Senate to reflect on the legislation's success, recognize our Nation's legacy of historic beauty, and to support the reauthorization next year.

#### CLEAN AND RENEWABLE ENERGY

(Mr. HIGGINS asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS. Mr. Speaker, I rise today to highlight the importance of clean energy sources and the leading role America is poised to play in this field.

Earlier this summer, the company SolarCity announced its intention to open one of the largest solar production plants in the world in Buffalo, New York. This display of renewable energy would be a tremendous addition to the western New York community through the creation of over 1,000 jobs; however, the continued growth in renewable energy is dependent on Congress enacting the right policies.

This is why we must extend the solar investment tax credits which are due to expire at the end of 2016. We also need to ensure that consumers selling energy back to the grid are able to do so at predictable and fair prices.

That is why today I have sent a letter to the Secretary of Energy urging his office to formulate best practices for net metering. This allows those who generate their own electricity from solar power to feed what they do not use back to the grid.

Just as the Buffalo Niagara region was an early adopter of hydroelectricity, we intend to be a leader in clean energy technologies like solar power as well.

#### COMMEMORATING THE 225TH ANNIVERSARY OF THE U.S. MARSHALS SERVICE

(Mr. WOMACK asked and was given permission to address the House for 1 minute.)

Mr. WOMACK. Mr. Speaker, since the U.S. Marshals Service was founded on September 24 of 1789, U.S. marshals

have served this country with dedication and distinction, upholding its creed of "Justice, Integrity, Service." I rise today to commemorate the service's 225th anniversary.

The U.S. Marshals Service will celebrate its birthday next week in my district by breaking ground on the U.S. Marshals Museum in Fort Smith, Arkansas. The museum will be funded in part by the sale of coins commemorating the 225th anniversary of the Marshals Service.

The museum's 20,000 square feet will highlight pivotal moments in our oldest Federal law enforcement agency's history and pay proper tribute to the heroism the marshals have shown over the past 225 years.

I speak for all of my constituents in the Third District of Arkansas and my fellow Arkansans when I say we are humbled to have the U.S. Marshals Museum make Fort Smith its home and honored to play a prominent role in the next 225 years of the U.S. marshals history.

Happy birthday, U.S. marshals.

#### PROTECTING OUR HOMELAND AND OUR HOMELIFE

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON LEE. Mr. Speaker, I want to acknowledge the value of our Constitution. I just left the Homeland Security hearing on the horror of ISIL and held up the Constitution to say that we will not allow terrorists to undermine our values, and I am grateful that we live under the Constitution that we do.

With that in mind, I encourage my colleagues to join me on H.R. 5488, a bill that I have introduced that would call for the reviewing and looking at the watch list to make sure that no foreign fighters are left off of that list and that there is a no fly for foreign fighters, again, reminding us of the processes which we use, and I hope that there will be those who will do so.

I also want to acknowledge the fact that we are facing economic growth, but we are also experiencing problems. All I hear from the NFL are the expression of problems. I sent a letter to Director Goodell of the NFL, the commissioner, to say, "Put your resources where your complaints are."

There are so many groups that are dealing with violence against women and abuse of children that we need to provide the NFL the resources to all of those groups. We need the NFL wives to be engaged. Stop talking, and let's do something.

This is disgraceful, but there is an epidemic of domestic violence, and the NFL can stand up and announce a major funding—as my colleague in the Senate has indicated—to be able to lift all of these groups that struggle every day to reach these women.

I would also add to them, put a campaign: see something, say something on
